

An aerial photograph of a large port facility during sunset. The sky is filled with dramatic, colorful clouds in shades of orange, yellow, and grey. In the foreground and middle ground, there are numerous stacks of colorful shipping containers in various colors like red, blue, green, and yellow. Several large white gantry cranes are positioned along the waterfront, with one in the process of loading or unloading a large container ship. The ship is docked at a pier and is heavily loaded with containers. The port area is paved and organized into lanes. In the background, a wide river or bay is visible, with a city skyline and industrial buildings in the distance under the twilight sky.
